

THE MESSENGER

TELLING THE STORY OF JESUS IN EVERY LANGUAGE

Language Recordings UK Newsletter No 8

Introduction...Last year was amazing & very busy, but we know it's not always about being busy, but knowing God wants to work in us through all we do as we seek to serve Him. We Praise The Lord for what all happened last year & for His provision. We thank everyone who prayed & supported the work of LRUK Mission. We pray for His continued guidance for this year. He gives the increase when we stay attached to the Vine...Him.

Plans...When we look at our calendar for the next few months it looks busy too. At the end of March, Joan & I travel with Sally Hogg to the 4 yearly GRN Conference in Thailand where the leaders meet from the offices around the world. It will be great to meet many of them for the first time. In April we are off to a pastors conference in Serbia to make recordings with local contacts & Roma pastors. We hope to make good contacts for distributing our existing & new Serbian recordings.

Next at the May bank holiday is the WEC Missions exhibition, at which we will display our recordings & "tools" for missions. This is always a great day.

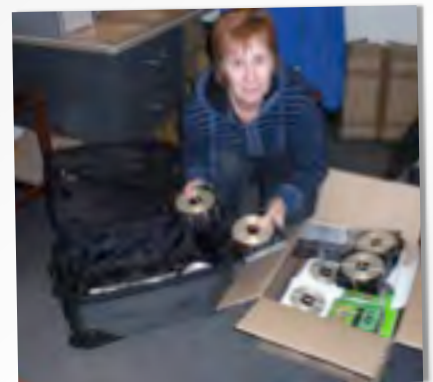

In early May we again travel to Kosova & Albania with a volunteer team of mixed ages & gifts. Like many parts of the world there is much hopelessness & we want to help by bringing The Gospel message on our recordings. In conjunction with the local churches we also distribute humanitarian aid & visit many poor families. Here in Kosova most are Muslim & like many

A YOUNG ROMA FAMILY IN KOSOVA

RECORDING IN THE "THADOU KUKI" LANGUAGE

GETTING CD'S PACKED INTO OUR SUITCASES

“Love the Lord your God with all your heart and with all your soul and with all your strength and with all your mind and love your neighbour as yourself” Luke 10:27

millions of Muslims around the world, life is a struggle, affected by political upheaval, conflict, legalistic religion & no reassurance of salvation. Most are just like you & me with hopes & ambitions, problems & concerns, love for their families & wanting meaning for their lives. We are reminded that our primary aim is to share The Gospel of the God who loves them completely. Pray for the Lords direction & for the people He wants us to meet & bless in some way when we go.

Some recent recordings just edited & completed ready for distributing include Tamajeq, Albanian, Slovakian & Serbian. We pray for good contacts to distribute these new recordings & that many will hear from the www.globalrecordings.net web site.

Materials. Around Christmas time some short-term teams from the UK took Sabers to Zambia & Cameroon & other regions in Africa & central Asia. This is an amazing machine and a wonderful way to get our valuable resources to the people.

TESTIMONIES. One team leader said, “The people loved listening to the recordings played on the Sabers as they looked at the colourful pictures on the flip charts”.

An e-mail from a missionary in Mali...“There are now about 30 groups using the Saber players among these people & praying for more this year”. They had recently competed the New Testament in this language & were using

our players in villages to play the audio version of the NT to those who couldn't read.”

Another contact said, “My friend told me that up to 200 people have come to the Lord as a result of hearing the Gospel from the cassette players. In one village they were woken up by 20 people in the middle of the night wanting to hear the Gospel from the player”.

A recent report from Nepal told us how the Saber is so effective in the remote mountain villages where there is no electricity. Our hand wind & solar powered Saber MP3players are perfect for telling the “Good News” in many villages. With the help of our picture flip charts they tell the Bible stories clearly in their language”. Amazing eh!

A girl on a short missions visit to Nepal took one of our Sabers to a refugee camp near the border & played the recordings to the people in a cafe. A Buddhist monk was present & after listening he bowed & said, “This is very good” & then left. Wow.

More orders were sent out last year on CD, cassette & on Sabers units to many different language groups. The thanks and response has been fantastic. Praise The Lord.

Often we think of missions only to remote tribal groups, but we send recordings to many

countries, “sophisticated” in appearance but desperate for something & having a sense of low esteem & worthlessness. They too need the Good News. We get many visitors in our office from time to time. These included Korean Bible students, Japanese missionaries & pastors wanting our resources. Also here in the UK there is a huge mission field waiting to hear.

DVDs in many languages are now being developed more & we have quite a few recent recordings done this way. Also we helped do the audio tracks for a DVD project for another mission for a closed country with 9 million speakers. Praise the Lord. Partnership is good...why because its Gods idea. Brothers & sisters working in unity command a blessing.

Legacy. Would you consider leaving something in your will or estate to Language Recordings UK to bring The Gospel to those who have no hope? Please contact us.

Gifts Received. A BIG thank you to those who have supplied gifts & continuously support the work, both anonymously & every other way...God bless you.

Finally...We pray that God will do a work in all of us as we work alongside Him. In our busyness lets not forget our first love. Keeping our focus. To shoot the arrows of The Gospel message to those who may have never heard yet.
